Actions by RAL

1)   Write to David Turner about what he has in mind for a demonstra-
     tion, indicating that his PARAFFIN demonstration program sounds
     very suitable. Copy the letter to his RA.

2)   Investigate the feasibility of demonstrating GYPSY over ARPANET
     using EMACS, for Donald Good's demonstration.

3)   Consult the Royal Society about permission for a book display
     without sales. Report the result of this to Tony Hoare for him to
     contact Henry Hirschberg of Prentice Hall. Addison Wesley invita-
     tion later.

4)   Obtain a publicity leaflet from the Royal Society for distribution
     to advertise the event.
     Rob Witty to notify industrial contacts, Liz Fielding to circular-
     ize the STI/DCS/IKBS mailing list.

5)   Investigate the costs of preparing handout material and display
     material. Consult Jed Brown at RAL.

6)   Contact Bob Kowalski about his demonstration proposals.

7)   Contact Mike Gordon and Larry Paulson about the LCF demonstration
     for Robin Milner.

8)   Write to Dana Scott to confirm whether or not he is planning to
     have a demonstration.

9)   Contact Derek Coleman to discover the current state of his Pascal
     proof-checking system and inform Tony Hoare on this.

Actions by Tony Hoare

1) Invite Donald Good to stay for longer than the 2 days of the Royal Society event.

2) Invite Dana Scott to give some seminars/tutorials while he is in the UK.
