Mr. V. G. Birchall,
Building 329.

Footpath from Rutherford Laboratory to Bus Park

X
Confirming our discussion when you last visited me, we should like to proceed with making a path from the Rutherford Laboratory main entrance to a point in the Bus Park roughly opposite the South Gate. In view of the information about possible future A.E.R.E. developments, some of which are indicated on the enclosed sketch, we would now like to make the path with a curve, as shown on my sketch, to reduce the likelihood of its having to be moved later. Also, we intend only a very simple path of ashes.

I should be grateful if you would let me know that this path may be made, and tell me when the six weeks' notice to the farmer will be up.

J. A. V. Willis

c.c. ✓ Mr. P. Bowles R.1
Mr. D. A. Harrison
Mr. M. Snowden

Building R.1,
Rutherford Laboratory.

11th September, 1961.

X The path from A to
B on my sketch will
follow the present track
