Spoil Heap

In connection with paper NI/GP/62/18 photographs were prepared for the last G.P.C. meeting showing the state of the spoil heap before treatment. I enclose one set of the photographs, which you may like to have. I am keeping another set.

I think it was your suggestion that later on someone might question whether the eyesore was so bad as to be worth spending £20,000 on. These pictures provide some evidence that it is.
